HY 2021 DIVISIONAL PERFORMANCE & INITIATIVES

Paul Forman – Chief Executive

HY 2021: ESG UPDATE

Our purpose is to responsibly provide the products and services our customers need to succeed

ENVIRONMENTAL

- Progress seen in reaching “class leading sustainability”
- **Sustainable materials:** Overall Components recycled material is 7% for H1, 40% in some LDPE ranges (target: 20% of material by 2025)
- **Zero waste to landfill:** 20 manufacturing sites certified as zero waste to landfill (target: all 45 sites by 2030)
- **GHG:** reduced normalised emissions by 5.5% (target: 25% reduction by 2025, neutral by 2040)
- **Waste volumes:** Currently developing waste reduction tools and plans (target: 20% reduction by 2030)

SOCIAL

- We continue to proactively monitor the pandemic situation, taking steps to safeguard our people, including our agency workers. Supporting not just them directly, but their families and the communities around our sites
- This has included our Asian facilities, where we are carrying out proactive testing, assisting employees and their families in isolation, as well as arranging medical and emotional support to those infected
- New Board trainee has joined
- Everyone in the Essentra family continues to go above and beyond during these challenging times – THANK YOU

GOVERNANCE

- In addition to our well-established Board Sustainability Committee, ESG steering committee set up
- We have strengthened our training regime in light of the pandemic to ensure the message of compliance across Essentra remains strong and aligned with our values
- US domiciled NED joined the Board, also acting as Employee Champion for North American region

COMPONENTS – PERFORMANCE AND STRATEGIC PRIORITIES

Strong revenue growth delivered against a backdrop of supply chain challenges

- Actions taken to drive cross selling and deliver market share gains:
 - Enhanced e-commerce offering, use of AI
 - Category driven customer interactions
- Prioritisation of service ahead of strategic footprint initiatives
- Price increases implemented in H2
- Acquisition of Jiangxi Hengzhu Electrical Cabinet Lock Co. Ltd is on track to complete soon
- 40% recycled content in UK-manufactured LDPE ranges

LFL Growth v 2019	12.5%	4.0%		
Operating margin	19.2%	18.2%	18.4%	22.7%*

Revenue and Operating Margin as reported

LFL growth at constant currency, adjusted for acquisitions

**HY 2019 restated to include the transfer of Reid from the dissolved Specialist Components division*

STRATEGIC PRIORITIES

- Optimisation of supply chain
- Further improve customers' digital experience
- Continued development of acquisition target pipeline
- Expansion of sustainable product offering
- Continued roll-out of ERP platform

COMPONENTS: HENGZHU ACQUISITION

A compelling acquisition in line with Essentra's strategic and financial criteria

- Hengzhu is an access hardware manufacturer and distributor in China operating from a single facility in Yichun, Jiangxi
- Focused on market categories such as data centre storage equipment and power distribution
- Acquisition strengthens our position in China, a key target geography, enabling us to expand our access hardware range (our fastest growing and key target product category)
- Immediately earnings accretive, delivering sustainable value to Essentra over the long-term

COMPONENTS: DIGITAL TRANSFORMATION

Improving our customer proposition and driving growth

Enhancing the customer experience

- New promotional capabilities added to enhance effectiveness of campaigns on our websites
- Quick order sheets to enable customers to order the products they need online

Using data to enhance commercial activities

- Working with PEAK AI to deliver commercial insight through delivery of the Predictive Customer View
- Lead scoring tool in development to support commercial teams with effective follow up activity
- Progress made on smart pricing, though still in early stages

Continuing to roll out our websites

- New web platform taken to APAC, with Singapore and Malaysia having gone live in H1
 - Australia and Thailand scheduled for H2
- New functionality to trade in multi-currency enabled with the SG launch

Streamlining internal processes

- Gone live with our first operational BPR site (in Spain) in early July
- We plan to continue with our European roll out in the remainder of 2021
- D365 CRM system deployed across Components globally with enhancements being the focus for H2

PACKAGING – PERFORMANCE AND STRATEGIC PRIORITIES

Good progress on margin expansion, notwithstanding underlying market challenges

	Q2 21	HY 21	HY 20	HY 19
Revenue	£96m	£187m	£185m	£177m
LFL growth vs 2020	-4.8%	-5.1%		
LFL growth vs 2019	-6.2%	-8.3%		
Operating margin	6.1%	5.1%	2.6%	4.5%

*Revenue and Operating Margin as reported
LFL growth at constant currency, adjusted for acquisitions*

- Trading continued to be impacted by underlying market in H1 21 although steady improvement in trade seen through Q2
- Restructuring projects delivered, underpinning margin improvement journey towards industry average levels in Q4
- Integration of 3C! acquisition in line with expectations
- Implementing pricing actions in H2
- Customer survey shows a further improved score to 8.4 (up from 8.1), which is upper quartile
- Supplying bespoke packaging items to 3 of the 5 vaccine producers in the fight against the pandemic

STRATEGIC PRIORITIES

- Deliver margin in-line with industry average (8% - 10%) by end 2021
- Support customers international requirements
- Develop wider range of sustainable products
- Global supply chain optimisation

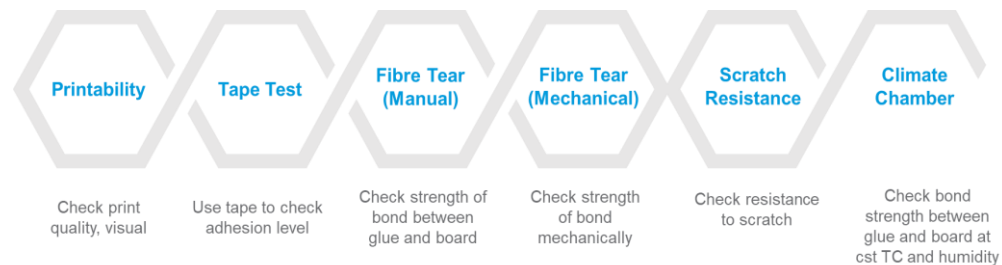

PACKAGING – SUSTAINABILITY

Providing our customers with value added solutions that support their sustainability goals

The Situation & Problem

- Traditional metpol lamination contains plastic, typically between 6% and 15% of the weight of the carton
- Cardboard laminated packaging is currently recyclable in some countries, if the plastic content is less than 15%
- The maximum allowable amount of plastic to allow recyclability is expected to reduce going forwards

Re*flect has been tested against key quality metrics/ standards

Our Solution: Re*flect Plastic Free Metpol Alternative

- Non-filmic transfer metallised product
- Polyester film carrier is removed at manufacturing stage and recycled in bulk certified zero waste to landfill

Metpol Alternative Main Features:

- Plastic-free
- Fully recyclable
- Shine and mirror
- Perfect colour anchoring

**SMALL CHANGES.
BIG IMPACT.**

FILTERS – PERFORMANCE AND STRATEGIC PRIORITIES

Strong growth led by outsourcing contract volumes

Progress made on strategic game changers:

- China JV – production has commenced
- Successful delivery of outsourcing contract volumes and ongoing discussions for further contracts
- Ever growing interest in proprietary ECO filters
- Growth in pipeline of NGP opportunities

Tapes implemented global category approach to enhance cross selling opportunities

STRATEGIC PRIORITIES

- Continued ramp up of volumes in the China JV
- Continued development and launch of environmentally friendly products
- Identify and secure new outsourcing opportunities

OUTLOOK AND REPRISE

Paul Forman – Chief Executive

FY 2021: OUTLOOK

A solid platform, driving profitable and cash generative growth

An encouraging start to the year, but the pandemic related uncertainty remains

Expect FY 2021 operating profit to be in line with the Board's expectations

- Components and Filters should see a continuation in growth albeit at a slower pace due to tougher comparators
- In Packaging we expect to see the market return to moderate growth in H2 21, as global healthcare systems start to catch up on backlogs

Divisional operating margin target expectations for 2022

- Components to return to pre-pandemic margin levels notwithstanding continued reinvestment back into the business to support further growth
- Packaging to achieve industry average margin of 8-10% (exit rate in 2021)
- Filters to return to pre-pandemic margin levels as we deliver our 'gamechangers', as well as expected improvement in NPI volume
- Dependent on continued macroeconomic progress and some recovery in healthcare markets specifically

HY 2021: REPRISE

Encouraging H1 performance, with a positive full year outlook, focused on delivering organic growth and accretive M&A

- Well-positioned for sustained growth in all divisions with clear and successful strategies based on innovation, sustainability and strong customer partnerships
- Trend of positive momentum continued in H1 with LFL revenue growth of 7.5%
 - Components – continuation of improving trend since onset of pandemic led to strong H1 performance
 - Packaging – impact to the underlying market continued to affect H1, the market should return to moderate growth in H2
