Notes to Editors

About Essentra plc

Essentra plc is a FTSE 250 company and a leading global provider of essential components and solutions. Essentra focuses on the light manufacture and distribution of high volume, enabling components which serve customers in a wide variety of end-markets and geographies.

Component Solutions

The Components business is a global market leading manufacturer and distributor of plastic injection moulded, vinyl dip moulded and metal items. Operating units in 29 countries serve a very broad industrial base of customers with a rapid supply of products for a variety of applications in industries such as equipment manufacturing, automotive, fabrication, electronics and construction.

The Pipe Protection Technologies business specialises in the manufacture of high performance innovative products from commodity resins to engineering-grade thermoplastics and polymer alloys for use in a range of end-markets. Locations in four countries, combined with a wide distributor network, serve customers around the world.

Essentra Extrusion is a leading custom profile extruder located in the Netherlands which offers a complete design and production service. One of the first companies to extrude plastics in 1956, Essentra is now one of Europe's most advanced suppliers of co-extrusion and tri-extrusion to all branches of industry.

The Security business has access to a wide portfolio of products and services, including printers, software and consumables from leading manufacturers.

Health & Personal Care Packaging

A leading global provider of packaging and authentication solutions to a diversified blue-chip customer base in the pharmaceutical, health & personal care, consumer and specialist packaging sectors. The business focuses on delivering value-adding innovation, quality and service through the provision of a wide range of printed products and solutions, including cartons, tapes, leaflets, foils, labels and authentication solutions.

The Speciality Tapes business has expertise in coating multiple adhesive systems in numerous technologies. With close to 3,000 adhesive products available for same-day shipping, Essentra's products can meet all high performance needs, from foam, magnetic, finger lift and acrylic high bond tapes to hook and loop and non-skid foam.

ESSENTRA

Filter Products

Essentra Filter Products is the only global independent cigarette filter supplier. The nine worldwide locations, including a dedicated Technology Centre supported by three regional development facilities, provide a flexible infrastructure strategically positioned to serve the tobacco industry. The business supplies a wide range of value-adding high quality innovative filters, packaging solutions to the roll your own segment and analytical laboratory services for ingredient measurement to the industry.

Headquartered in the United Kingdom, Essentra's global network extends to 33 countries and includes c. 8,000 employees, 48 principal manufacturing facilities, 64 sales & distribution operations and 4 research & development centres. For further information, please visit www.essentraplc.com.
